## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Applicant's arguments filed 7/13/2001 have been fully considered but they are not persuasive. The rejection of claims 1-26, under 35 U.S.C. 112 is maintained. That applicant argues that the specification requires that the material be transparent or substantially transparent, however the applicant does not feel that it is necessary to claim this very important feature. As previously stated it is the examiners position that [most] substantially opaque or non-transparent dye or paint that ablates electrical energy would inherently block [some wavelengths of] electromagnetic waves. To omit this limitation would provide the applicant with protection not within the scope of the claim; for example, all non-transparent dye or paint that ablates electrical energy.

### ***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Art Unit: 1751

The rejection of claims 1-8, 11, 13-15, 16-20, 23-26 under 35 U.S.C. 103(a) as being unpatentable over Hasegawa (4,631,214) is withdrawn in view of the applicants arguments.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
